OFFICE OF THE PRESIDENT
CITY MUNICIPAL COUNCIL, MYSORE
Dated 12th July *1920*

D No 818
27-7-20

From,

RAJASABHABHUSHANA DIWAN BAHADUR,
C SRIKANTESVARA AIYAR, B A, B L
PRESIDENT CITY MUNICIPAL COUNCIL
MYSORE

To, Jud 32-20 —1
B Rameswamaiya, Esquire, B A, B L
Secretary to the Government of His Highness
the Maharaja of Mysore, Revenue Department

Sir,

I have the honor to state that there is at present a small lishment consisting of a Daroga on Rs 20/- a Mutsaddi on Rs 7 and con on Rs 7 attached to the City Devaraja Market This was sanctioned so far back as the year 1883 and is quite inadequate to keep the market which has vastly overgrown in an orderly, clean and tidy condition

2 The Market has since been extended and several improvements effected thereto at a considerable cost Thousands of people resort to it every day to make their daily purchases and it has been found utterly impossible to keep the market clean and tidy for want of adequate Sanitary and supervising staff and other sanitary conveniences The present staff cannot attend to this work as their time is fully taken up th collection work

3 The revenue derived from the Market has also considerably ed, recently with proper care supervision, and revisions of The demand for the year 1920-1921 is Rs 30 252/- or three times as it was in the year 1916-1917 There is still vast scope for ther expansion in this direction for which more supervision is ssary Thus the additional expenditure proposed is very moderate

3

considering the large income realized and yet realisable

4 For these reasons the Municipal Council recognize the importance of keeping the market in a clean and orderly condition and consider the re-organization of the market establishment a measure of urgent necessity and propose that the following establishment and sanitary conveniences may be provided with effect from 1st July 1920—

i	Establishment	per month Rs	
1	One Market Sergeant	30	plus 5 C A
2	One Assistant "	25	
3	Four peons 2 on Rs 8 each 2 on Rs 7 each	30	
4	Three Sweepers" Rs 8 each	24	
5	One Thoti on Rs 10	10	
6	One rubbish cart	25	
7	Baskets brooms and contingencies	5	
	Net increase Rs		120

ii	Appliances (Initial cost)		
1	6 Dust bins	99	
2	2 Dozens of wire baskets	120	
3	2 Dozens of sand spittoons	96	
4	Three Zinc buckets	15	
5	Three iron pots	12	
6	Two dozens of notice boards	50	
7	Three hand carts	120	
	Total		512

iii Construction of two urinals and a latrine on flush system inside the market premises (Separate estimates are being prepared for these)

5 I request therefore that you may be so good as to obtain the early sanction of Government to the above proposals

6 The extra cost will be met by reappropriation in the current year's Budget and due provision will be made in the budgets of future years

Memo on Devaraj Market

-oooOOOooo-

Any one visiting the Devaraj Market cannot but notice the striking want of order, tidiness and cleanliness in it. This is due to the following reasons —

i. No efficient supervising staff,

ii. No independent adequate Sanitary staff,

iii. No adequate latrine and urinal accommodation,

iv. Want of dust-bins, spittoons and wire baskets, &

v. No water supply for washing and flushing inside the market.

2. Almost every article of food is sold in this market and thousands of people resort to it to make their daily purchases. Unless the market is kept in a maximum of tidy, orderly and clean condition, visitors would be seriously inconvenienced and likely to run the risk of carrying to their houses dangerous infection in fruit, vegetables and numerous other articles of food. There is thus every urgent need to provide for tidiness, orderliness and cleanliness of the market.

3. The present market staff consisting of a Darogu, a Mutsaddi and a peon cannot attend to the enforcement of order, their time being fully taken up with collection work. There is no permanent independent Sanitary establishment attached to the market. The Devaraj mohalla Sanitary staff attend to it, which means either neglect of mohalla work or of the market. There is but one old type latrine

Increase 120 a month

for the whole market and there are no dust-bins, wire-baskets, or spittoons provided As to water for washing and flushing, not a drop is available inside the market. Under such conditions the market cannot but be in a deplorably, insanitary untidy and orderless condition.

4. To efficiently maintain the market in a satisfactory condition, the following establishment, sanitary conveniences and appliances are absolutely necessary. Considering that the market is yielding a very decent income to the Municipality which can greatly be improved with better supervision and care, there should be no reasonable objection to the extra expenditure—

	Establishment			Per month Rs.
I.	1. One Market Sergeant	30- 5 C.A.		35
	2. One Assistant Do.	25		25
	3. Four peons - 2 on	8	each	16
	2 on	7	each.	14
	4. Three sweepers on	8	each	24
	5. One bhoti on	10		10
	6. One rubbish cart"	25		25

	Appliances-			
II.	7. Six dust bins 2½' X2½'	16-8-0 "		99
	8. Two dozens wire baskets for waste papers etc , fixing the same			120
	9. Two dozens sand spittoons.			96
	10. Three zinc buckets.			15
	11. Three iron pots			12
	12. Three hand carts.			120
	13. Two dozens notice boards directing about spitting etc.			50
				661
III.	Baskets, brooms and contingencies.			5
			Grand total	666

Items under I & III are recurring monthly charges and items under II may have to be renewed once every 2 or 3 years.

create 120 a month

5 Two urinals on flush system are very necessary inside the market premises, as also a flush latrine Hydrants for obtaining enough water for washing and flushing must be introduced without delay. Without water it is impossible to keep the stalls and drains clean and the market free from flies

6 Apart from the small initial charges, the recurring monthly charge will be Rs 154, against which the present establishment charge of Rs 34 being deducted, an extra provision of Rs 120 per month or Rs. 1,440 annually has to be provided Considering we have secured over four times this amount in the recent sales of collection of fees, and levy of rents this moderate estimate establishment is proposed for still further efficient improvement of this important market
